A Texas Tradition Since 1960...

The Toddy House® story began more than 60 years ago as a small liquor store near Priddy, Texas. Back then, the landscape was quite different; liquor consumption was controversial and not easily accessible, with Texas being “dry” in all directions for nearly 100 miles.

The Toddy House® emerged as an oasis for those in search of alcohol, attracting visitors from across Texas and beyond. It truly earned its reputation as “A Texas Tradition Since 1960.”

Though the store is now closed, its spirit lives on with the crafting of Toddy House® Ultra-Premium Vodka. Crafted with the finest ingredients, this spirit offers a clean profile and a creamy, smooth taste, culminating in a warm, lasting finish.

Today, we take pride in crafting our small-batch vodka using the same techniques and dedication to quality that has made The Toddy House® a cherished part of our area for so many years. Join us as we continue our journey through the past, present, and future, and discover why Toddy House® Vodka is more than just a spirit —it's a true reflection of our history.

We are honored to be a part of your next good time! Please drink responsibly.

— The Tiemanns
